| | CBSE New Delhi, Delhi | 2016 | 74.2 |
| Xth Board Examination | *K. C. High School Patsa* | | |
| | BSEB, Patna (Bihar) | 2014 | 68.4 |

## FIELDS OF INTEREST

- Operating System, Algorithms, Database, Mathematics, Competitive Programming

## TECHNICAL SKILLS

- **Languages** (C++, Java, Python), **Database** (MySQL), **Tools** (VScode, Eclipse, Android Studio, Qt Framework, GitHub, openCV, UML design), **Operating System** (Linux/Unix, Windows 10).

## MAJOR PROJECTS

- **BookMyShow Software design**

  - Objective :desiging a software for onine movie ticket.
  - Designed Low level and high-level UML and implemented in JAVA. The BookMyShow lists out movies and multiple cinemas. Using this software users can book movies ticket and select a cinema hall. The software will also manage real-time multiple booking ticket requests. applied OOPs, concepts like inheritance, abstraction, polymorphism. overall in this project, I have studied Java and object oriented implementation.
  - studied software development proccess like UML design, Java, Eclipse, version control.

- **Android Application for Covid 19 Report**

  - An android app for fetching real time data related to corona virus and representation of JSON Datas studied about Rest API.

- **Chess Game development**

  - Using OOPs and Core Java developed a console-based chess game. The main problem was how to implement different moves of different pieces in the chess game.

## ACHIEVEMENTS

- **Smart India Hackathon 2019 (Team Lead)**

  - Represented my University at national level under NCR Corporation, We developed an obejct identification android App.
  - The idea was how to manage spare parts of electronics object

- **Paytm Build for India (Team Lead)**

  - Our team participated in 24h hackathon at IIT Delhi where we represented our improvised idea on Hospital bed management system.

## INTEREST AND HOBBIES: Playing Football, Travelling, & Music
